BWC Bid/Proj. #: **19-028**
BWC Bid/Proj. Name: **RESD MIT Fire Line Leak Repair**
Proposal _____
Contract # _____
of pages incl.: **1**

We propose to furnish the following material, labor & equipment necessary to complete the following:

BASE BID:

Repair the existing leak in the Fire Line at MIT

General Requirements: Supervision, Project Management, Barricades, Portable Toilet, Dumpsters, Locator, Digging Equipment

Sitework: Provide Fire Watch for the building while not occupied. Saw cut, remove, and haul away and dispose of existing asphalt. Saw cut, remove, and haul away existing curb and gutter. Excavate approximately 40 lf of trench 5' deep. Expose existing main, and load all spoils and haul offsite. Supply and install all new 8" pipe and all needed couplings, mechanical joints, and thrust blocks. Backfill excavation site with half sack slurry per MAG specs. Patch back existing with hot rolled asphalt. Form and pour new curb and gutter as needed.

Bid Clarifications:

- 1) All work to be done during normal hours and weekends.
- 2) Owner to allow us to use their electric & water to complete the work.
- 3) *****Note***** this proposal is a worst case scenario. Cost may be reduced depending on what is found and the length needed for Fire Watch.

Exclusions: Permits

Base Bid:	\$35,825.95
Tax on Materials @8.6%:	\$1,869.43
Total Price:	\$37,695.38
