The Basis of Estimate is a written explanation clarifying the scope, assumptions and exclusions used in establishing this proposal. All costs are developed through site walk conducted on January 6, 2020, and the scope clarifications below

Assumptions, Clarifications, & Exclusions

Schedule

Anticipated Start: TBD
Long Lead Items: N/A
Projected Duration: 6 weeks

Contingency & Allowances

- We have included a 3% Contractor Contingency (of \$7,193) in this proposal Construction Contingency is intended to be used at CORE's discretion to cover costs that have not been identified as a trade specific scope established in this proposal and may require further clarification or coordination. These costs may include but are not limited to scope gap, coordination issues between trades, overtime, expediting, missed scope during subcontractor bidding process, etc. Construction Contingency does not account for design revisions or additional scope requests made by the Owner or Architect.
- We have NOT included a Design Contingency in this proposal Design Contingency is intended to be used at CORE's discretion to cover costs associated with the completion of the design and/or scopes of work for which sufficient detail was not available to determine a definitive cost. A reasonable estimate for an assumed scope and quality is included as a placeholder.
- We have NOT included an Owner Contingency in this proposal Owner Contingency is intended to be used to cover owner and/or architect added scopes of work which are known or included at time of this proposal to determine a definitive cost for wish list or extra items.
- We have NOT included an Escalation Contingency in this proposal Owner Contingency is intended to be used to cover owner and/or architect added scopes of work which are known or included at time of this proposal to determine a definitive cost for wish list or extra items.

General Assumptions

- This cost proposal is considered a Lump Sum, not line item Estimate.
- Unless otherwise included in scope below, CORE has not included any costs for permits, including but not limited to: building permit, systems permit, or dust control.
- All approved value engineering savings will be added to the Contractor's Contingency.
- All un-used Contractor's Contingency or Owner's Allowance will be credited back to Owner.
- General Conditions and/or General Requirements are considered cost of the work.
- A registered professional did not provide sealed plans or specifications and therefore no form of permit is in place. CORE Construction, Inc., shall not be held responsible for performance of systems or equipment, code interpretations, engineering, etc. requirements and will perform the requested scope of work as defined by the Owner representative(s).
- Proposal valid for 30 days, unless otherwise directed by CORE Construction.
