

# **APS offers free training on Benchmarking Government Buildings for Energy Star**

July 14, 2009

7:30 a.m. -11:30 a.m. or 1:00 p.m. - 5:00 p.m.

(two half-day sessions, choose one when registering)

Training to You

2200 N. Central Ave. Ste. 100,

Phoenix, AZ 85004

To Register, go to:

<http://cts.vresp.com/c/?KEMAServicesInc./c2379e56a9/TEST/6ae2f5a870>

The APS Solutions for Business program and the APS Renewable Energy Incentive program are funded by APS customers and approved by the Arizona Corporation Commission.

## OVERVIEW

Facility managers, maintenance staff and building engineers are invited to a half-day seminar on the use of EPA's Benchmarking with Energy Star. This interactive, online class will show you how to start the benchmarking process for your buildings actually using the Benchmarking online program. You will leave the class with a rating on at least one of your buildings and tips on how to achieve Energy Star building certification.

- Learn how to use the Energy Star Portfolio Manager.
- Enter your own data into the system.
- Receive a rating on your sample building.
- Learn the next steps to improve your score.
- Find out how to receive Energy Star certification.

We will also cover the APS Solutions for Business energy efficiency rebate program.

## REGISTRATION

Benchmarking Government Buildings with Energy Star  
July 14, 2009

COST: Free to attend.

REGISTRATION DEADLINE: July 8, 2009

To Register, go to:

<http://cts.vresp.com/c/?KEMAServicesInc./c2379e56a9/TEST/1c1ca49e28>

## INSTRUCTOR

Dave Munn, a principal and Chief Technical Officer at Chelsea Group Ltd., has over 30 years of engineering background and extensive field experience in HVAC, energy conservation, and building sustainability. He has received the 2009 Region V Energy Engineer of the Year award by the Association of Energy Engineers.

Mr. Munn is registered as a professional engineer (PE) in the states of Arizona and Hawaii, and is a LEED-accredited Professional. He is currently the Chairman of the Board for the Arizona Chapter of the Association of Energy Engineers (AEE), co-chair of the Green Buildings Committee for the Phoenix chapter of the Building Owners and Managers Association (BOMA), and is on the technical committee for the Central Arizona Chapter of the US Green Buildings Council (USGBC).

Watch for 2009 class schedule updates at [aps.com](http://aps.com) for classes such as:

Energy Studies and Building Simulation  
August 19, 2009

Fall 2009 Lighting  
Date to be announced

Solar Systems and Incentives  
Date to be announced

Building Envelope  
January 9, 2010

## APS ENERGY EFFICIENCY PROGRAMS

The APS Solutions for Business program offers incentives for APS business customers who upgrade their facility with energy efficient equipment or construct a new energy efficient building. The program encourages business owners to invest in more energy efficient equipment and systems and provides support through energy study, design assistance, retro-commissioning and commissioning incentives. Contractors may apply to be approved program Trade Allies.

The program offers Energy Information Services (a web-based program) which can help you understand and control your facilities' electricity use. This service provides data on when, where and how much power is used in specific areas of each facility, so you can fine-tune equipment use and operations to optimize energy consumption.

APS Solutions for Business also provides a range of technical training opportunities, including Building Operator Training. For a complete schedule of training workshops and detailed program information, please visit [aps.com](http://aps.com),

<http://cts.vresp.com/c/?KEMAServicesInc./c2379e56a9/TEST/eb2a3556a5>

and click on "Business Rebates."

APS business customers can also take advantage of the many renewable energy resources available in Arizona like solar, wind, geo-thermal, biomass and bio-gas. To find out more about current APS Renewable Energy Incentives and program parameters, visit [aps.com](http://aps.com),
