The ADM yield factor is calculated by dividing the district's FY 2018 100-day ADM by the number of existing housing units in that district as of the middle of the fiscal year (December 31, 2017). Due to lack of data for the housing units built during July 1 - December 31 of 2017, the ADM yield factor for Casa Grande ESD, Casa Grande UHSD, and Toltec ESD cannot be computed.

Data sources: ADM from Arizona Department of Education; housing units from combining the baseline housing information from U.S. Census 2010 and subsequent residential completion data from Maricopa Association of Governments. Neither the SFB nor the source agencies can guarantee the accuracy of the information presented in the table.
