

Pursuant to Arizona Administrative Code: R7-6-285. Guidelines Exception

The Board may grant an exception from any of the guidelines requirements, upon agreement between the Board and the school district. The Board shall grant an exception if it determines that the intent of the guideline is capable of being met by the school district in an alternate manner. If the Board grants the exception, the school district shall be deemed to meet the guideline and is not eligible for state funding to meet the guideline.

Please provide the following information including a Governing Board resolution approving the exception request. Please provide one form for each exception request. If the exception is granted, the school district shall be deemed to meet the guideline and is not eligible for state funding to meet the guideline, now or in the future.
