Contact Person: Marcus E. Jones
Contact Phone Number: 520-225-4882
Contact Email: marcus.jones@tusd1.org
School Site: Catalina High Magnet School
Buildings: 9999 School Wide

Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

Chiller #2 at Catalina High School needs to be replaced. The chiller is a Carrier 19XL5151 46 1C 1 and is off line and beyond repair. This problem prevents the system from maintaining proper room temperature during the most critical times of the year. The Plant also needs Plant Controls and a Refrigerant Alarm to be safe and efficient. Vendors were asked to provide alternates to include Chiller #1 which was requested by the SFB for consideration. Estimates cover a range of options from \$208,000 for Chiller #2 alone, up to \$296,000 for options including Chiller #3. The Plant Controls and Alarm would increase the total by approximately \$38,000.

Project Category: HVAC

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N

Available Funding

Available Funding Source	Amount
Current unencumbered building renewal fund balance (Fund 690):	\$0.00
Amount of Local funds planned for this project	\$25,000.00

Please outline any associated insurance coverage.

This item is not an insurance claim item.
