**Project Title:** Intersection Improvements at Road 1 West and Road 2 North

**Project Detail:** The intersection of Road 1 West and Road 2 North is adjacent to Del Rio Elementary School in Chino Valley. Buses currently have a difficult time making a right turn from Road 2 North onto Road 1 West. Traffic travelling south on Road 1 West has to stop 30-50 feet before the stop sign so that buses can swing into the oncoming lane to make a right turn onto Road 1 West. This project would add an additional lane on Road 1 West that buses can swing into to make the right turn.

Previous plans have been submitted. This project is only for phase one of those plans. Revised plans only showing phase 1 are included with this submission.
