Initial Submission Date: 5/14/2020

Resubmission Date: 7/13/2020

District Name: Tanque Verde Unified District

Contact Person: Elaine Armienti

Contact Phone: 5207495751

Contact Email: earmienti@tanq.org

School: Agua Caliente School

Site Address: 11420 E Limberlost Road
Tucson, AZ 85729

Project Title: ACES Bus Loop

Project Detail: Agua Caliente's parking lot is currently overloaded and very unsafe for students and staff entering/exiting school. The school worked with multiple companies to find the safest option for our community. Once the options were narrowed down, they were presented to the Rural Metro Fire Station in Tucson, AZ. William F. Treatch, the Fire Marshal/Battalion Chief, selected "Area 4: Bus Loop" as the only option that would not hinder Fire Department access. We have included the email with his approval as well.

Project Date Range: 7/1/2020 **TO** 7/10/2020

Total Project Cost: \$87,043.05 **Adjacent Ways Cost:** \$87,043.05

Board Meeting Date:

Validation Status: Review Pending

Staff Analysis: 5/19/2020: Please provide a Schedule of Values (SOV) using the SFB form (located on our website). The contractor one can remain in the application for reference. There should also be an aerial view with colored overlay showing proposed area, and drawing from designer showing the change.
5/28/2020: I still need the drawing because it will show the property lines. Also, there seems to be an extra column added (SFB Base). Please remove it and enter the values in the proper columns (District Cost, Onsite ADJW, Off Site ADJW). Thanks.
5/29/2020: This is still hard to compare. Can someone please provide an overlay of the ADJW work with the property lines?
7/1/2020: it looks like there might be some off site ADJW work for that bus lane. Please ask the contractor to revise the SOV for any portions of work that go over the school property line.

Board Decision:
