Project Title: Sidewalk Extension on East Side

Project Detail: With the recent completion of 28th Street from Avenue D through to Avenue C, the district is needing to add a sidewalk that will permit pedestrian traffic from safely accessing the school from the improved area.

The district would like the contractor to extend the sidewalk on the east side of the existing parking lot to meet the new sidewalk that was installed as part of the road completion. The district wishes to connect the sidewalk located on the south side of the parking lot to the sidewalk located on the north side along the exit lane.
