Staff Analysis:	This is a proposal to remove and replace the asphalt fire/bus lanes and the parking at this school. This would include striping and signage. The district is asking for adjacent ways funds for the work to the fire/bus lane and the district funds will be used for the parking areas. After reviewing the percentage portion of the adjacent way and that of the parking, SFB Staff agrees that this appropriate use of adjacent was funding. All required documents are in order.
