School: Snowflake Junior High School

Site Address: 1380 Main Street, Snowflake Arizona 85937

Project Title: Snowflake JHS Site Drainage

Project Detail: Design was completed to Snowflake Jr. High School to evaluate the conditions of the stormwater runoff from the elevated playfield onto the lower parking lot and issue of water backing up into the school building. Topographic survey was done of the upper north playfield, north parking lot and drive, and landscape area east of the school. Architect prepared grading and drainage plans and specifications to resolve the erosion and flooding issues.

Construction of retaining walls and access stairs with storm drain system to stabilize the hill from the North elevated field to the North parking lot and control storm runoff to stop erosion of the hill and flooding at the North side of the school. North parking lot area will be repaved for coordination with retaining wall work, and for adjustment of storm water flow.

Project Date Range: 3/1/2023 **TO** 7/31/2023

Total Project Cost: \$146,282.00 **Adjacent Ways Cost:** \$146,282.00

Board Meeting Date:

Validation Status: Review Pending

Staff Analysis: 11/23/22 - Missing drawings specific to Adjacent ways area with color overlay indicating onsite and offsite adjacent ways use. The schedule of values completed. The contractors proposal for adjacent ways with the breakdown of line item costs associated with the project. Please reference the adjacent ways section of the SFOB website for full and complete instructions and required documents.<https://sfb.az.gov/programs/adjacent-ways>

12/14/22 - Based on our meeting today with the Architect, he will need to get additional drawings and the corrected schedule of values to the district after his discussion with the Contractor. Costs need to be detailed out for each line item for Adjacent Ways cost, District cost and BRG cost for this whole project.

1/18/2023 - Please have the schedule of values excel document filled out in the "On-Site" column only. Upload and resubmit.

3/2/2023 - Please use this link to upload the data for the "on-Site" schedule of values <https://www.azsfb.gov/linkTo.asp?linkId=576> that is required for an Adjacent Ways application. The current submitted schedule of values is the architect and contractors

version of the schedule. Please correct and upload and resubmit.

Board Decision:
