<b>Validation Status:</b>	Review Pending			
<b>Staff Analysis:</b>	We are needing to have the DSF SOV and the revision of the fire lanes and the bus lanes only. Please resubmit with a new color overlay as well.  I still need to have the DSF SOV included with the application.  Im needing to know about the Off-site Adjacent ways I only see the on-site and I can validate what would be for off-site.
