Hi Robert,

While reviewing your application, we need some clarification on the scope of work being completed. Please update the scope of work that needs to be addressed per this site.

Below are resources on Adjacent Ways and the required documents needed for validation.

(1) Site Map - Google Map of where the work is being done ( the district can do this to show the cross streets)

(2) The vendor must complete the Adjacent Ways SOV ( Schedule of Values). (It's on the Adjacnet Ways submission page under the Youtube logo.)

If you have any questions, please let me know.
