No Standard Funding Project will be done.

**Project Date Range:** 7/1/2024 **TO** 9/1/2024

**Total Project Cost:** \$60,359.04 **Adjacent Ways Cost:** \$60,359.04

**Board Meeting Date:**

**Validation Status:** Review Pending

**Staff Analysis:** After reviewing the required documents with the district, the SFD liaison determined that this request appropriately uses Adjacent Ways funds.

8/19/2024: The Schedule of Values is incomplete. The entire project cost must be included in the SOV and broke out by line item in the District Cost and Adjacent Ways columns. Please breakout the cost of the signage/stripping, and tax in both the District Cost and On-site Adjacent Ways Cost columns. Upload the revised SOV and adjust the Estimated Cost, Total Amount on this application to the Total Project Cost, then resubmit for review. Thank you. KC

11/1/2024: Please correct the Schedule of Values to reflect District Cost of \$5,223.79

for the Parking Lot Sweeping and Mobilization as stated on the vendor proposal. Parking lot maintenance is not eligible for Adjacent Ways funding. Also, correct the Estimated Cost, Total Amount on this application to the Total Project Cost, then resubmit for review. Thank you. KC

11-1-2024 David

Adjacent way funding:

This validation is simply the on-site R&R of the fire and bus lanes as described. After reviewing with the district, it was determined that it was appropriate to use adjacent funds.

Standard funding: The district will not use any standard funding for such projects as parking lots and offsite construction.

**Board Decision:**
