Site Address:	19871 W Fremont Rd			
Project Title:	Transportation Center			
Project Detail:	Liberty is constructing a new transportation yard to expand the current site. As part of the site expansion, a Buckeye Water Conservation District irrigation canal and associated services needs to be relocated. This is sole-source due to BWCDD only allows their contractor to do the work. Invoice is also the quote. Governing Board has approved this transaction.			
Project Date Range:	9/1/2024	TO	2/1/2025	
Total Project Cost:	\$6,600,000.00	Adjacent Ways Cost:	\$961,150.97	
Board Meeting Date:				
Validation Status:	Review Pending			
Staff Analysis:	8/22/25, please make sure you are adding both proposals in the AJW amount of \$961,150.97 4/24/25 The SOV identifies that this is all off-site work and district on-site, and the issue is that the request for the scope of work does not match what can be validated. This invoice covers the scope and it should be broken out with district cost and AJW cost. Please adjust the SOV and Adjacent Ways Amount and the Total amount on the application. This should be for the scope of work for this request. sv 11/7/24: please provide the following info: Contractor SOV (Schedule of Values) filled out SFD SOV form Aerial View (goodle earth screenshot marked up is ok) any drawings showing this area
