Project Title:	Install Sidewalk - Our Walkers coming onto campus			
Project Detail:	We would like to install a sidewalk approximately 468 LF from the street at West Myrtle onto campus to the basketball courts. This site has many walkers from the adjacent neighborhood and apartment complexes that uses this walk thru gate to gain entry to campus or to leave campus at the end of the day. During monsoon seasons or when the field is flood irrigated it causes safety concerns for our students that must use this entrance to gain access to the campus.			
Project Date Range:	11/27/2024	TO	6/30/2025	
Total Project Cost:	\$73,912.00	Adjacent Ways Cost:	\$73,912.00	
Board Meeting Date:				
Validation Status:	Review Pending			
Staff Analysis:	11/1/24 Hi JoAnna, Thank you for your submission. However, you are missing the SOV (Scheduled of Values) Excel form that the vendor needs to complete. It needs to indicate on-site and off-site work to be completed. The SOV can be found on the website's Adjacent Ways Page. Please provide a Google site map of the area and cross streets. If you have any questions please let me know.			
Board Decision:
