Validation Status: Review Pending		
Staff Analysis:	6/25/2025 - Please upload completed and stamped Design drawings for this project. 6/11/2025 - The application is missing a quote from a vendor who wants to do this work. In addition, the Schedule of Values is filled out incorrectly. It needs to identify the total project cost and the costs associated with the Adjacent Ways fees. Please also have the vendor revise the map to include colors identifying what is on-site and what is off-site. Based on the intersection the light is going, it appears to be 100% Off-Site work. Please make all corrections and re-submit this application for another review.
