**Project Title:** New parking structure and fire lane  
**Project Detail:** Demo of existing parking garage do too structural failure. New parking structure resigned access and fire lanes  
**Project Date Range:** 12/19/2025 **TO** 1/27/2027  
**Total Project Cost:** \$161,932.00 **Adjacent Ways Cost:** \$95,485.00  
**Board Meeting Date:**  
**Validation Status:** Review Pending  
**Staff Analysis:** 2/26/26 The application that needs re-examination. The only thing that is validatable is for the bus lane and the fire lane. Any parking lot or extra lot space would not be eligible for Adjacent ways. The SOV will need to revise the proposal to include a breakdown of district costs and adjacent way. Do ask to have the columns broken out like the SFD schedule of values, so that there is an apples-to-apples comparison on the request, and no contingency is allowed with Adjacent ways. SV
