Subject: New HVAC and water heater

PRICELESS

Darrell

Here is the quote for the equipment per our conversation this morning.

New 5 ton PHP down draft to include the curb adapter, crane, labor, disconnect (if needed), additional wiring and taxes.

\$6510.00 this is for a DYKEN 5 ton Warranty is 5 years on the compressor and 1 year on parts and labor

\$1152.00 for a new 40 gallon 208/230V 1 phase water heater installed. Warranty is 6 years on the tank and 1 year parts and labor

Total together = \$7662.00

29 4,640
Bi-annual inspection of 40 systems = \$6,400 annually this includes a full inspection of the HVAC units and filter changes at time of service (up to 2 filters per unit) if more filters are needed it would be an additional \$12.50 per unit per occurrence.

Thank you and have a wonderful day.

If you have any questions feel free to call me at 623-687-6230
