Michelle,

For the main building – old and newer it would be \$147,850.

Let me know if you need anything else.

Thanks, Allan

Allan, can you ask your people to break out the demo cost for just the main building portion? For whatever reason, they need the budget number to reflect just that space.

Did we have a break out of what it would be just for the buildings 1001 and 1005? I was told wrong about what is in the budget.

Thank you,

Stephanie Vassar

Ok I will need you to complete an EDC application as soon as you can. The budget left is about \$280,000 so it is almost exactly what the district is needing at the minimum I will be putting a 10% contingency on it as well so that if it is more we do have some funds.

It is in the emergency application under grants. Let me know if you need help i can schedule something for monday if you need help.

Thank you,
